Randy Geller
Dear Gregory,

I want to express my appreciation for the excellent job your company did recently on our Ice Scraper promotional item. Your color and style selections were excellent and the participants at our Service Clinic really liked them!

I especially appreciate your handling the job on such short notice- next time I promise to give you more lead time than a couple days!

Lastly, thanks for the great deal! Your superior service was very competitively priced. I definitely feel I got my money's worth.

If I can ever serve as a reference for your company, please feel free to give out my personal cell number and I will give you a glowing recommendation! Rest assured, I will tell all my friends and family about the service and your company.

Thanks again,

Randy Geller
